ASYLUM SEEKERS

Volunteering

If you are an asylum seeker, you are allowed to volunteer by helping a registered voluntary or charitable organisation, an organisation that raises funds for either of these types of organisations, or a public sector organisation.

It is important to make sure that the volunteering role does not amount to unpaid work, or job substitution. In particular:

- ▶ you cannot receive any payment, other than reasonable travel and meals costs actually incurred (not an allowance for the same)
- ▶ there should be no contractual obligations on you, and you should not have any contractual entitlement to any work or benefits
- ▶ you are not volunteering in a role that would normally be done by a paid employee.

Employment

If you are an asylum seeker, you will not have permission to work. There are very limited situations where you may be able to apply for permission to work. Speak to your solicitor about whether you are eligible to apply.

Education

If you are an Asylum Seeker, access to education will be limited. Speak to your local college about what courses you can access. For advice and information, you can also contact:
